

Trinity In Touch

St. John - St. Luke - Holy Trinity - OLMC - St. Mary's - ABVM

2024 Spring Newsletter • Trinity Catholic School

So in Christ we,
though many, form
one body, and
each member
belongs to all the
others.

Romans 12:5

6th Des Moines Trip

May 21st - 1:30 PM
Graduation Mass

May 22nd – Last Day
of School

From our Lead Teacher...

Mrs. Riehle

March is a busy month as we started the month off with an all school mass, waffle breakfast, and art show. Thank you to all who came to worship with us at mass, eat waffles, and be amazed at the students' creative abilities. Thank you to the Booster Club and parents who worked hard at setting up, serving, and cleaning up after the breakfast. We appreciate all you do for Trinity. All of our fundraisers wouldn't be possible without all of the behind the scenes preparation.

This week the Church will celebrate Holy Week and that will be followed by the Easter season. When Easter is this early it makes for a long road to the end of the school year. This is a busy time for the students at Trinity. The second graders are preparing for First Communion and the K-2 students are excited to help with mass for May Crowning. The third through sixth graders will be taking Iowa Assessments and all of the classes are preparing for our Spring Program. The students are always excited for the end of the year educational field trips and the activity filled Field Day.

A huge Thank You goes out to all of you for your support of Trinity through the various ways you help to make the school a viable institution in educating leaders and citizens of the future!

Music

Mrs. Karels

First and
second
grade
students
have
enjoyed
learning
about
instruments
of the
orchestra.

Kindergarten students learned about percussion instruments.

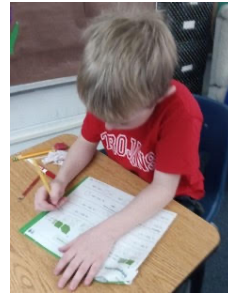

Math

Mrs. Karels

Sixth grade math students have learned how to compute unit rates and apply this knowledge to everyday situations.

Second grade math students are learning to add large numbers.

Math students like to work on a puzzle during free time.

Art

Mrs. Stika and the classroom teacher

All grades have been working with clay. We thank Mrs. Singewald from Turkey Valley for firing our clay projects.

Kindergarteners recently enjoyed getting messy with paper mache. We are going to turn them into Easter Eggs.

PE Activities

Ms. Schuster

In PE, we recently finished our educational dance unit. Students in grades K-2 got to learn a dance with the parachute!

They had to work together to stay on beat and remember the correct steps. Students in grades 3-6 were placed in groups, got to choose a song from a list and had to work together as a group to make up their own dance to the song they chose. After students practiced for a couple weeks we had a dance off with the entire school. Teachers were judges and gave students comments as well as a score to see who would take first place! It was hard to judge as everyone did such a great job!

Howard County Fair, Cresco
June 26th-30th

5th Annual TCS Golf Tournament
4 Person Best Shot
Fri., July 12th at Jackson Heights

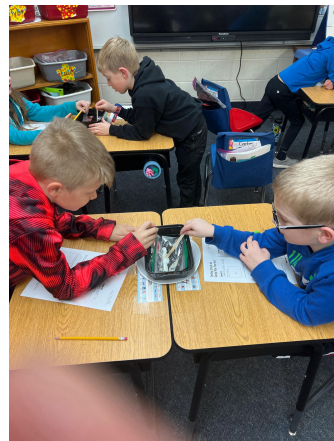

Hello from the TK/Kindergarten class!
Mrs. Engelhardt

We have been watching the eagles closely and are learning more about them. We are excited about Hatch Day which should be around March 23!

We went to the church to look at the statues of The Stations of the Cross. We have our own Stations of the Cross books and read them in our classroom to prepare for our Lenten journey.

First and Second Grade
Mrs. Riehle

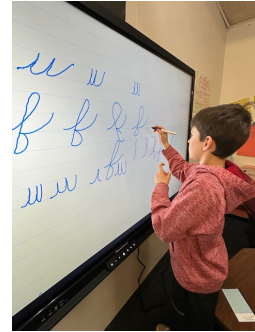

Fr. Radloff came in to talk to the students about vocations during Catholic Schools Week.

Lexia Core 5 is an online program that reviews sounds, sight words, and comprehension skills with the students.

During science the first and second grades are studying the properties of different materials. Here they are testing which candies are meltable.

Third and Fourth Grade Mrs. Pecinovsky

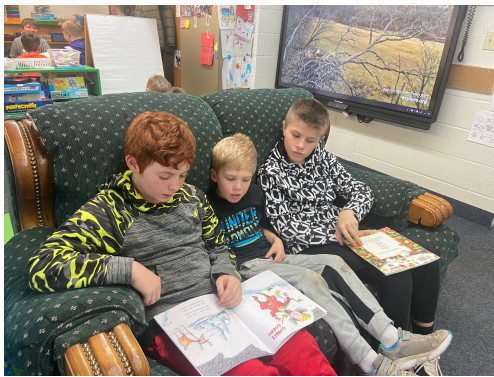

3 and 4th graders are studying the Apostles Creed. They have each made a puzzle out of popsicle sticks to help them memorize the prayer.

3/4th graders had a great time during their Lent retreat learning about all the different ways they can pray.

Handwriting just got a lot more exciting! Students love practicing their cursive on the new smart boards.

The 5th and 6th Grade Classroom Ms. Langan

5th and 6th Graders read with their Kindergarten buddies on Friday afternoons! What a great way to end the week!

During Lent, we have been reflecting on Jesus' journey to the cross. We have been busy preparing and practicing for the Passion play.
